**VT Route 15 Sidewalk Design**, 950 l.f. sidewalk design, Town of Essex, VT

**Commercial Development**

**Lot 3 Commercial Buildings**, site plan/permitting for commercial building complex, Brentwood Park, Colchester, VT  
**Newton's Gas**, site plan/permit amendments, Jasper Mine Landing, Colchester, VT  
**Schwans Warehouse**, site plan/permitting for new distribution center, Brentwood Park, Colchester, VT

Ms. Carriere has been a licensed professional engineer and project manager with Lamoureux & Dickinson (L&D), since 1993. She has been responsible for managing civil and transportation engineering design, analysis and permitting of numerous projects at L&D.

Her work includes transportation impact assessments and the preparation of design plans and construction details for roadway and intersection improvements, transportation paths, and commercial site plans. She has provided testimony at hearings for local, state and federal permits and approvals.

Ms. Carriere also has extensive experience in providing construction engineering services including bid services, construction observation, contract management, review of shop drawings and material submittals, and processing change orders and pay requests.

**Education**

- B.S., Rensselaer Polytechnic Institute, Civil Engineering, 1993

**Registration**

- Professional Engineer, State of Vermont (2000)
- Professional Traffic Operations Engineer (2005)

**Affiliations**

- American Society of Civil Engineers
- Institute of Transportation Engineers
